

Installation instructions

Model :

ServiceCharles@pakokulalighting.com
<https://pakokulalighting.com/>

1. Splice the iron pipes, connect two 50CM iron pipes to the right lamp body, and connect two 40CM iron pipes to the left lamp body.
2. The power lines of the left and right iron pipes pass through the square box holes and screw on the nuts and the bare copper ground wires.
3. Fix the wire rope fixing heads of the two lamp bodies on the ceiling with screw and tighten them.
4. Fix the suspension board on the ceiling.
5. Connect the power cord and ground wire: black represents the live wire (L), white represents the neutral wire (N), and bare copper represents the ground wire (E), and tighten them with nuts.
6. Cover the square box on the hanging plate (the hanging plate screws are exposed from the ceiling)
7. Fix the square box on the suspension board with flower branch nuts.
8. Fix the bulb on the lamp holder and screw on the glass ball.
